31/03/08

Dear David

Thanks for the reply to our correspondence dated 9<sup>th</sup> July, it has answered a lot of our questions. I am writing today again as we have not received an answer to our previous letter dated 31/08/07. We are writing to ask the NRL's permission to post your reply letters on our web site so that our members can look at your answers and if need be ask further questions. Also with the forums that you were running in conjunction with Channel 9, if you are going to continue that concept, would it be possible to contact our association so that we may have some input into questions being asked. As a Supporters and Volunteer Association we may bring a broader outlook to what answers the league is seeking.

Looking forward to hearing from you.

Yours Sincerely

Peter Warren  
President  
Rugby League Supporters and Voluntary Workers Association Inc
