

RLS&VWA ANNUAL SURVEY

24 January 2010

I am writing to you on behalf of the Rugby League Supporters and Volunteer Workers Association to make you aware of a recent survey that we have completed and which we believe will have important ramifications in regards many current issues in League including the issue of an independent Commission. A copy of the survey is attached.

The Rugby League Supporters and Volunteer Workers' Association was created to give a direct voice to the volunteers and fans. This survey reflects the view of this group who we believe is the largest stake holder of the Sport but the least represented in decision making of the Sport.

The survey closed as of 31 December 2009 and we are currently compiling the results and we will send the results to you as soon as they are available.

Please note this survey was not an on-line survey. All contributions were submitted in writing. As such we believe this survey will be a solid representation of the view of volunteers and supporters.

If you have any questions please feel free to ring myself or Peter Warren on the numbers below.
